KEEP THIS ON YOUR FRIDGE

Showing Checklist

for owners selling on their own

WHEN A SHOWING REQUEST COMES IN

- [ ] Approve it, or suggest a time that works better
  A buyer who can't get in often moves on to the next house.
- [ ] Get a name and phone number
  Call back to confirm it's real.

BEFORE BUYERS ARRIVE

- [ ] Cool in summer, warm in winter
- [ ] A quick clean, and no dishes in the sink
- [ ] Most clutter put away
- [ ] Lights on and curtains open
  The brighter, the better.
- [ ] Valuables, medicines, and mail put away
- [ ] Pets in a crate, if possible
  If not, a clear note saying where they are.
- [ ] Don't show the home alone
  Have a friend or family member there.

WHEN THEY ARRIVE

- [ ] Ask to see a photo ID, and snap a picture of it
- [ ] Walk with the visitors
  Let them look, but stay close.

Trust your gut. If something feels off, it's fine to end the showing.
